

Crufts 2018

King Charles Spaniel

I was really honoured to be invited to Judge my Breed at Crufts this year and would like to thank Crufts Committee for inviting me and you the exhibitors for the honour of evaluating your dogs. I was pleased with the overall condition of the Breed, with a few exceptions. There were a few exhibits I would describe as pets and it makes you wonder how they qualified for Crufts? In my opinion the Breed would benefit if judges with held awards at Championship Shows to exhibits of insufficient merit. I fear the wrong message is being sent to Breeders and Exhibitors. There were some dogs with very fine bone and the movement of a few of the dogs left a lot to be desired. Thankfully, they were in the minority.

I found some beautiful dogs who to my mind conformed as close to the Breed Standard as possible.
