

**I would like to thank the Officers & Committee Members for inviting me to judge also I would like to thank my two Stewards who kept everything in order and last of all the Exhibitors who gave me an entry I did not expect as The King Charles Spaniel Club Championship Show was to be held on the following Sunday so I appreciated the long journey some of you made on the two days.**

**I had some quality dogs to judge but I must say that quite a few would have been placed higher if they had not lacked body weight..**

**A King Charles Spaniel should be a cobby little dog, short in back with a good spring of rib and well boned. I felt that some were far too thin and just lacked substance that is required to give the correct picture..**
