

United Kingdom Toydog Society 2013

Thank you to all who came under me. I thoroughly enjoyed my day and was very pleased with my winners.

One thing I did notice is that many exhibits were lacking in bone I know we are a Toy breed but we must have substance so we need to be careful.

I must say believe me or not I did not know until Chris told me on the way home in the car that I had made up a Champion with the dog CC I did not he had ant let alone giving him his 3rd. On getting home I checked back on results to find out where the 1st and 2nd CC had been awarded and discovered that I had not been at either of the 2 shows, were the 1st and 2nd were awarded. So “well done to him” and may he get many more.
