

## Windsor CH Show

I was pleased to to have an entry of 68 exhibits, thank you to those who entered under me. It was disappointing to find that some dogs were presented in poor condition. This is a show – dogs should be bathed and groomed! What is the point in paying expensive fees if you cannot be bothered to present your dog in show condition. I am also concerned that many of the breed lack substance – the future of the breed lies in our bitches. How are they going to rear quality puppies if they do not have the substance to begin with.
