

## **King Charles Association Championship Show Saturday 7<sup>th</sup> November 2009.**

**I would like to thank the officers, committee and my efficient stewards for making my day at this well organised show so enjoyable.**

**Having deliberately taken a few years break from judging King Charles Spaniels I was really looking forward to judging our breed again, however, I was very disappointed in the direction the breed seems to be moving. Beautiful heads are scarcer than ever while soundness had not improved. We must look at our dogs with unblinkered eyes, King Charles Spaniels are a wonderful breed, but they must be correctly reared, presented and ring trained for them to make any impact on judges, especially non breed judges.**

**Untypical headed dogs with narrow muzzles, fine bone, slab sides, wavy toplines, and frankly disturbing movement are not the aim. On a more positive note I was delighted with my main winners, and felt that they possessed the breed type and quality I was seeking.**

### **Veteran Dog (4 )**

**1-Fry and Jackson Ch Amantra Character.**

**8 year old shapely tri .Stunning head with dark eyes and well cushioned muzzle. Good body and correct size and shape. Little reluctant to move on this floor and when it came to B.V.I.S. would not cooperate with his handler.**

**2- Salguero- Tewhit Thespian.**

**Well made 7 year old blen with handsome head .Good neck, level topline and ample bone. A lovely dog who moved happily but today his pigment was poor and he was lacking coat.**

**3- Askins- Ch Headra♦s Chocolate Box**

**4- Summer- Maynorth Jensen at Kingsleigh**

### **Minor Puppy Dog. (2)**

**Puppy Dog.(2)**

**1-Gillhespy- Tucherish Sundance.**

**Most lovely headed Black and Tan of 12 months of age. A quality puppy of great promise with his beautiful head, large dark eyes, well set nose and wide plushy muzzle. A shapely dog who always looked good in profile with his elegant neck ,level topline and good front and rear angulation, Correct size with good bone and a straight silky coat. He moved with elegance and purpose .Best Puppy in Show**

**2- Salguero- Downsbank Bilbo Baggins**

**11 month old tri a very attractive dog who is of correct size and shape. Handsome head with good eyes and well cushioned muzzle. Well presented in lovely coat and condition he looked a picture when standing, however on the move everything fell apart, it would be a great pity if a dog of this quality is placed down the line because a judge can not assess his movement when he is misbehaving for his handler.**

**Junior Dog (3) Not a very good class**

**1-Askins and Kendall - Amantra Charman for Headra.**

**Shapely tri with good tan. Well marked and presented. He moved happily and soundly with a showy attitude. I would prefer a better eye, more cushioning to muzzle at this age and a softer expression.**

**2-Hodges- Marchog Monopoly for Wolverine.**

**Happy black and tan. I would prefer more rise to skull and softer expression. I felt he is a little lean and could carry more body weight (and I do know how difficult this can be to achieve!). A well presented dog who moved soundly.**

**2- Portingale Tudorhurst Matador**

**Fabulous headed, richly coloured, well marked blen. Large skull with well set ears, eyes and nose. A quality dog unlucky to meet 1. I liked his size, shape, and substance but not as positive as 1 on move.**
