### **Judge Mea Kendall**

**Firstly I would like to say thank you to Midland Counties for inviting me to judge this wonderful breed. It has been two years since my last Championship show appointment in the breed and I must say the overall movement has improved however we are losing some major traits of the breed. The barrelled rib was hard to find today. Our length of loin is getting too long, and our tails are coming out of our croups instead of and extension of our spines. Some shoulders were rolling instead of reaching. I also understand that the warm Indian summer we have been experiencing these last two months could account for our coats being left at home. On saying this I was very please with both my line ups.**
