

RICHMOND - 2022

When judging our lovely breed I am looking for a well domed head, framed with well feathered long ear leathers, a long with dark lustrous eyes. A cobby body with good barrel of rib, and well feathered coat. Correct tail set. The icing on the cake is correct coat colour. Although it was a dry day, unfortunately there had been rain the day before the Show. Therefore the outside part of the ring was quite muddy. I had only the inside to move the dogs which was quite restricted. I would like to thank the exhibitors for the entry & quality dogs & bitches. It really was a pleasure going over your Charlies in this my 47th year in the breed and 51years exhibiting dogs.
